

## Dumbwaiters

**Dumbwaiters transport objects, rather than people, in residential, commercial, and public environments.**

Our clients appreciate the experience and training DC Elevator has accumulated over decades in all areas of vertical transportation. Adding a dumbwaiter to a residence or commercial building adds convenience, simplifies access to objects and goods over multiple levels, saves labor, and creates efficiencies.

### Manufacturers

We are an authorized dealer for many for the following dumbwaiter manufacturers: Matot, Inclinator Company of America, and Elevation Innovation, Inc.

### The Case for DC Elevator

Please see our case studies for examples of how we solved our clients' problems, and what they have to say about it. Contact us with questions about dumbwaiters, discuss your building situation, and find out if this elevator type is right for you.

### Features

Capacity: Up to 750 lbs

Travel Height: Up to 75 feet, six stops

Speed: Up to 50 ft/min
